European capital of stained glass

Troyes owes its nickname to its exceptional wealth of stained glass, dating from the 12th to the 21st century. With 9000 m² of stained glass windows classified as "historical monument", including 1500 m² in the cathedral of Troyes alone, the Aube region is home to more than a third of all listed stained glass windows on the planet!

One of the kind, the Cité du vitrail offers visitors a 3000 m² space entirely dedicated to the art of stained glass.
