A beautiful story at the heart of the Champagne region!

Troyes, European capital of stained glass

TOP
2024

Troyes owes its nickname of European capital of stained glass to its exceptional wealth of stained glass, dating from the 12th to the 21st century. With 9000 m² of stained-glass windows classified as "Historical monuments", including 1500 m² in the cathedral of Troyes alone, the Aube department is home to more than a third of all listed stained-glass windows on the planet!

THE CITE DU VITRAIL

Unique in its genre, this stained-glass interpretation centre offers visitors a 3000 m² space entirely dedicated to the art of stained glass in general, and to Troyes' stained-glass-making heritage in particular. You'll have the chance to explore the history of stained glass and its techniques, with an interpretation of its images and a reconstructed workshop, as well as experiences immersed in the light of stained glass through works, film and hands-on games.

(Price of entry to the Cité du Vitrail to be added to the price of the guided tour)

* 2 options : cathedral / St Urbain
and Ste Madeleine / St Pantaléon

Duration of each tour:
1 hour 30
